Al Huda Model School

2nd Assessment 2023-2024

Math

Class: 2nd

Section:

Name:

Roll No: **Date…**

Q1. Add the following.   **[8]**

```
  H  T  O              H T O
  3  6  8              3 1 2
  5  6  7              5 4 8
+ 1  4  2            + 3 0 3
┌──────────┐         ┌──────────┐
│          │         │          │
└──────────┘         └──────────┘

  H  T  O              H T O
  3  6  8              5 3 2
  5  6  7              4 4 4
+ 1  4  2            + 4 0 7
┌──────────┐         ┌──────────┐
│          │         │          │
└──────────┘         └──────────┘
```

Q2. **Subtract the following:-**   **[8]**

H	T	O
6	3	3
- 2	4	9

H	T	O
7	4	0
-4	3	5

H	T	O
7	5	6
- 3	6	9

H	T	O
6	2	1
-3	7	9

Q3. Write the number that comes before the product.   **[4]**
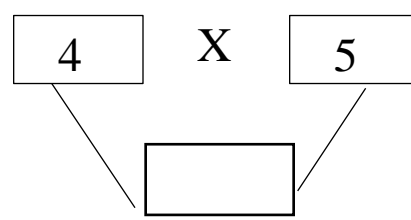

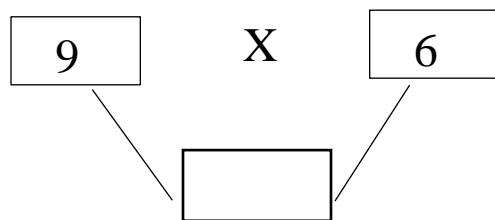

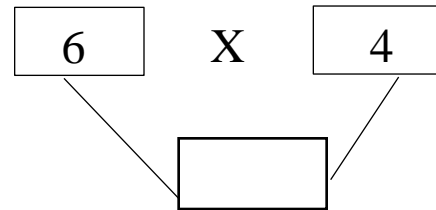

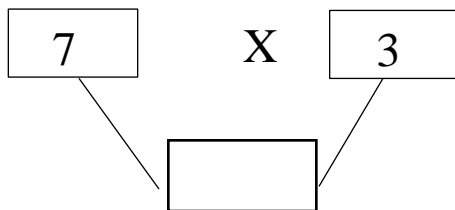

7   X   3

6   X   4

9   X   6

4   X   5

Q.4 Find the product:- [10]

```
  1  3         2  3         2  3         5  0
x    3       x    2       x    3       x    5
---------    ---------    ---------    ---------

---------    ---------    ---------    ---------
```

```
              9  9
            x    9
            ---------

            ---------
```

Q5. Fill the boxes :- [5]

1)   8 ÷ [   ] = 8

2)   24 ÷ [   ] = 4

3)   12 ÷ 3 = [   ]

4)   [   ] ÷9 = 2

5)   14 ÷ [   ] = 2

Q6. Solve the following questions :- (Do any 5) [15]

1. In an examination, 780 students get passed and 208 get failed. How many students appear in the examination?

Ans……………………………………………

....

....

2. Subtract the smallest 3-digit odd number from the greatest 3 digit even number and add 1 to the result obtained?

Ans…...

....

....

....

....

....

3. Amaan eats 2 eggs in a day. How many eggs he will eat in a week?

Ans...

....

....

....

....

....

4. A bullock cart carried 60 bundles of grass in 2 trips.

How many bundles were carried in each trip?

Ans...

…………………………………………………………………………..

…………………………………………………………………………..

…………………………………………………………………………..

5.Find the difference between the days in year and number of hours in a day?

Ans………………………………………………………………

…………………………………………………………………………..

………………………………………………………………………………

………………………………………………………………………

………………………………………………………………………….

6.Soham reads 3 facts in a day. How many facts he will read in a month?

Ans…………………………………………………………………

……………………………………………………………………………

……………………………………………………………………………

……………………………………………………………………………

……………………………………………………………………………

……………………………………………………………………………
